“Growth is not an accident. It is a system. This framework is that system — a deliberate, progressive, recognition-backed pathway from your first nervous speech to the highest levels of club leadership.”

— Eloquent Minds Club, Member Progression Framework

The Eloquent Minds Member Progression Framework is the official system through which every member develops, is recognised, and advances within the Club. It transforms the member journey from a vague series of speeches into a structured, milestone-driven career development programme — complete with verifiable requirements, assessed competencies, named certificates, and clear promotion criteria at every level.

NOTE: This framework applies to all Active Members. Progress is tracked by the VP Education in the Master Progression Register. Level advancement requires formal assessment and written

sign-off by the VP Education and Club President. Levels are cumulative — each level's competencies must be maintained as new levels are achieved.

THE FRAMEWORK AT A GLANCE

The seven levels of the Eloquent Minds Progression Framework form a continuous, connected development pathway. Each level is designed to build directly on the previous one. A member does not skip levels — every stage develops skills and habits that are prerequisites for the next.

2	ACTIVE MEMBER	Months 2–4	3 speeches, 4 roles, consistent attendance	Eloquent Minds Active Member Certificate

LEVEL 1 • Days 1 – 60

NEW MEMBER

Every journey begins with a single step — and a single speech.

Level 1 begins the moment a member completes the admission process. The New Member level exists for one reason: to ensure that every person who joins Eloquent Minds Club is welcomed warmly, oriented thoroughly, and placed on the stage for the first time before their initial excitement fades. The Icebreaker speech — delivered within the first 60 days — is the defining milestone of Level 1. Nothing else matters more.

REQUIREMENTS — WHAT YOU MUST ACHIEVE TO REACH THIS LEVEL

■	Attend the New Member Orientation with the VP Education within 7 days of joining

■	Deliver Speech 1: The Icebreaker (4–6 minutes) within 60 days of joining
■	Submit your completed New Member Checklist to the VP Education
■	Read and sign the acknowledgement of the Club's Constitution and Rules Handbook

SKILLS DEVELOPED AT THIS LEVEL

LEVEL 2 • Months 2 – 4**ACTIVE MEMBER**

Consistency is the most underrated skill in public speaking — and in life.

Level 2 is where the habit is formed. The New Member has survived their first speech. Now the question is: will they keep showing up? Active Membership is awarded to members who demonstrate consistent engagement — not brilliance. Three more speeches, four different meeting roles, and sustained attendance. These are the building blocks of a speaking life.

■	Maintain attendance of $\geq 75\%$ of all scheduled meetings during this level
■	Deliver Speeches 2 and 3 (Organizing Ideas and Speaking with Purpose)

LEVEL 3 • Months 4 – 8

COMPETENT SPEAKER

Ten speeches. Ten skills. One complete communicator.

Level 3 is the centrepiece of the entire framework. Completing all 10 speeches of the Eloquent Minds Speech Development Guide is the defining achievement of a Competent Speaker. Each of the remaining seven speeches (4 through 10) develops a distinct technical skill — language, body language, vocal variety, research, visual aids, persuasion, and inspirational delivery. By Speech 10, the member has been fundamentally transformed.

■	Ensure at least 8 of 10 speeches are delivered within the specified time range

ADVANCED SPEAKER

Mastery is not finishing. It is choosing the next, harder challenge.

Having completed the foundational 10-speech pathway, the Advanced Speaker deepens their craft through specialised formats, competitive speaking, and the mastery of advanced evaluation. The Advanced Speaker is the model that newer members look up to and aspire to become.

MENTOR

The best way to master a skill is to teach it to someone who needs it.

The Mentor level recognises members who choose to give back — formally, deliberately, and with documented impact. A Mentor does not just offer casual advice. They enter a structured, accountable relationship with one or two newer members and guide them through a defined portion of their speech pathway. Mentorship is the Club's most powerful multiplier: every great mentor creates the next generation of great speakers.

REQUIREMENTS — WHAT YOU MUST ACHIEVE TO REACH THIS LEVEL

■	Successfully guide at least 2 mentees from Level 1 through to Level 3 completion
■	Hold documented mentoring sessions — minimum 6 per mentee — with notes on each session
■	Attend the Club's Mentor Training Workshop (conducted by the VP Education)
■	Submit a Mentorship Progress Report for each mentee to the VP Education at the end of their joint journey
■	Deliver at least one 'Mentor Spotlight' session — a 10-minute teaching demonstration on a speaking or leadership skill, before the full Club
■	Receive a minimum rating of 4.0/5.0 from each mentee on the post-mentorship Mentee Experience Survey
■	Demonstrate continued active engagement in the Club's own meeting programme

SKILLS DEVELOPED AT THIS LEVEL

★ Structured goal-setting with mentees — SMART goals for speaking development	★ Constructive feedback delivery — going deeper than evaluations
★ Active listening — hearing what a mentee is not saying	★ Diagnosing specific speaking weaknesses and prescribing targeted exercises
★ Managing a developmental relationship with patience and consistency	★ Designing and delivering a focused teaching demonstration
★ Documenting progress and maintaining professional records	★ Navigating difficult conversations about lack of progress with care

LEADERSHIP CANDIDATE

Leadership is not a role you are given. It is a standard you hold yourself to.

The Leadership Candidate level is the threshold between being a great Club member and becoming a Club officer. Members at this level are actively preparing for elected leadership — studying governance, developing strategic thinking, running campaign processes, and demonstrating that they can manage a team toward a goal. Not every Leadership Candidate will become an officer immediately — but every one of them will leave this level more capable of leadership in any context.

REQUIREMENTS — WHAT YOU MUST ACHIEVE TO REACH THIS LEVEL

■	Lead at least one standing Club committee (Education, Membership, or Marketing) for a minimum of one full semester with documented outcomes
■	Complete and submit a 90-Day Club Development Proposal — identifying a specific Club challenge and designing a viable solution with implementation steps
■	Officially stand as a candidate in at least one Club officer election, regardless of whether the candidacy is successful
■	Shadow a current officer in their role for at least 4 consecutive meetings, with written reflections submitted to the VP Education
■	Deliver a Leadership Address to the Club — a 10–12 minute speech specifically on a leadership or organisational development topic
■	Complete the Club Leadership Assessment administered by the President and VPE
■	Attend at least one external leadership event, workshop, or forum and submit a 1-page reflection to the Secretary

SKILLS DEVELOPED AT THIS LEVEL

★ Strategic planning — setting goals, defining actions, measuring outcomes	★ Committee management — directing a small team toward a defined objective
★ Political communication — campaigning, advocating, and building consensus	★ Governance literacy — understanding the Constitution, bylaws, and officer roles
★ Decision-making under uncertainty with limited information	★ Conflict navigation — resolving committee tensions professionally

★ Project management — scoping, planning, executing, and reporting	★ Stakeholder communication — updates to the President, Committee, and membership
★ Institutional thinking — seeing the Club as a system, not just a series of meetings	★ Personal leadership brand — defining and owning your leadership identity

RESPONSIBILITIES — WHAT YOU CONTRIBUTE AT THIS LEVEL

- Lead your committee with the same standards expected of a full officer
- Report committee progress to the full Executive Committee monthly
- Actively contribute to officer meetings as an observer or invited contributor

This parallel-track model mirrors the demands of real professional life — and it is precisely what prepares members to lead under genuine pressure.

FRAMEWORK ADMINISTRATION

The Member Progression Framework operates as a formal Club system, not an informal recognition programme. The following rules govern how the framework is administered, recorded, appealed, and reviewed.

Registration & Tracking

- Every Active Member is automatically registered in the Master Progression Register maintained by the VP Education in the Club's shared Google Drive
- The register records: current level, completed requirements, pending requirements, assessment outcomes, certificates awarded, and mentor/mentee assignments
- The VP Education updates the register within 48 hours of any milestone being completed
- Members may request a copy of their personal progression record from the VPE at any time
- The Secretary maintains the physical and digital certificate archive

Promotion Process

1. Member completes all requirements and notifies the VP Education
2. VP Education reviews the requirement evidence and confirms completion
3. For Levels 3, 5, 6, and 7 — the President co-signs the promotion
4. Certificate is prepared by the Secretary and presented at the next Club meeting
5. Achievement is announced in the Club's official communications by the VPPR
6. Master Progression Register is updated

Appeals

Any member who believes a promotion decision was unfairly withheld may appeal in writing to the Club President within 14 days of the decision. The President shall convene an independent review panel of two senior members not involved in the original assessment. The panel's decision is final within the Club.

Annual Review of the Framework

The VP Education shall review this Framework at the start of each academic year and propose any updates to the Executive Committee. Updates require a majority Committee vote. Structural changes to level requirements or assessment standards require a 2/3 Committee majority. No change may remove a certificate already awarded.

“Every level you reach was earned by someone who showed up, prepared, and tried again after falling short. That is the tradition you are now part of. Honour it. Build it. Pass it on.”
